[Business Analytics Certificate Website](#)

The certificate in Business Analytics is designed to meet the growing demand for highly skilled professionals with analytics expertise. The certificate provides an excellent opportunity for students who want to increase their data literacy, improve their marketability, and/or prepare for a career in business analytics. It is also suitable for those who wish to advance their professional careers by supplementing their work experience or an existing college or graduate degree with business analytics knowledge. Students will use mathematics, statistics, and data science to gain hands-on experience in using Excel, R, Tableau, and SQL in business analytics to summarize, visualize, and analyze data.
